

YEWANTRAJ

KARKI

PROGRAMMER

WHY ME?

As a recent graduate with a degree in Computer Science, I am eager to begin my career as a programmer. During my studies, I gained a strong foundation in web development and software design. In addition, I completed multiple projects that required me to develop and implement solutions using a variety of programming languages.

I am highly motivated, detail-oriented, and passionate about using technology to solve complex problems. I am excited to apply my skills and knowledge to real-world challenges, and I am confident that I can make a positive contribution to any team. In my free time, I enjoy staying up-to-date with the latest developments in the field by reading technical articles and participating in online communities.
